Ice Cream RECEIPT...

OUR ICE CREAM is town talk. A number of ladies have asked for our receipt, and we are glad to give it to all.

We use one half Jersey Cream, one half rich milk, granulated sugar and pure fruit flavor. This will make you the finest cream that can be made. If you do not want to trouble with making it, we can furnish you any amount at \$1.50 a gallon.

If you only want a half gallon or gallon, this is cheaper than you can make it. If you want cheap cream at 75c or \$1.00 a gallon, we advise you to go elsewhere, as we only make one kind. It is the same kind we serve at our fountain, and that is the reason they are all coming to Bratton's.

JAPANESE LOSE TWO BATTALIONS

Japanese Walk Into Russian Trap and Only Two Escaped.

Hai Cheng, Manchuria, June 11.—(Delayed in Transmission.)—A flanking movement of the Japanese around the Russian left from Feng Wang Cheng June 10 was repulsed with a loss of two whole battalions.

A large Japanese force moved out in the morning along the Feng Wang Cheng and Hai Cheng roads. The Russians had a force strongly posted in a ravine thirty miles west of Hai Cheng.

The Japanese were preceded by two battalions who walked into the Russian ambush. They received a murderous rifle and artillery fire at close range and were wiped out, only one or two escaping.

The main Japanese force, which was greatly superior to the Russian force, tried to out flank the Russians, who drew off without losing a man, the Japanese closing in, finding the ravine vacant, save for their own dead.

Tabernacle Meeting.

The tabernacle meeting closed last night, after having been under way for three weeks. The first week's services were conducted by Mrs. Zehner of Dallas, but on account of sickness she was compelled to return to her home, and left the meeting in the hands of the local pastors. The pastors carried it on for another ten days, and then Rev. Myers of Fort Worth was brought here; but he, too, was sick with a cold, and after a few days returned home. The local pastors took charge again, and last night brought the meeting to a successful close. A large audience was present, and Rev. Anderson of the Christian church preached a fine, strong sermon. The meeting has been full of good results and a large number of people have been converted by it.

It is the purpose of the contributing churches to let the big tabernacle stand for the present, as it will likely be needed again later in the summer.

Salt Water Remedy.

Salt water is a good remedy for many things, and a Palestine lady has found it a most excellent remedy for the eradication of mites and other insects. She was greatly bothered with mites, and making a solution of salt water she sprinkled the premises with it. Since then there have been no mites to annoy her. She wishes the Herald to publish this simple remedy for the benefit of its readers.
